DRGR Release 8.2 Fact Sheets Now Available

Disaster Recovery Grant Reporting (DRGR) Release 8.2 was deployed on December 21, 2020. In this release:

- Performance Reports screens have been modernized to show Performance Report Data in an enriched approach, using a tabbed interface with modals for editing content
- Users now can mark a performance report as the “Final QPR” on the Manage Performance Report Page
- New functionality for applicable users allows for the configuration of Public Action Plan templates that can be enabled at the appropriation or grants award level. Public Action Plan templates may contain the following:
 - Cover sheet
 - Section heading content types
 - Narrative content types
 - Grantee Program content (for applicable grants) types
 - Data table content types
- DRGR now supports the ability to manage technical assistance (TA) requests. HUD will provide direction on use and implementation timeframes
- Additional improvements enhance how information is displayed and managed

HUD has posted the following fact sheet related to the new release on the [DRGR Fact Sheets page](#):

- [Overview of Release 8.2](#)

All questions regarding these fact sheets and DRGR Release 8.2, including defect reporting or the video tutorials, should be sent to HUD's [Ask A Question \(AAQ\) portal](#). Under “My question is related to,” select “DRGR: Disaster Recovery Grant Reporting System.”
