Register Today: HOPWA Flexibilities - Virtual Inspections Webinar - August 5, 2020 - 1:30 PM EDT

Cloudburst is hosting a webinar on August 5, 2020 from 1:30 - 3:00 PM EDT on conducting virtual inspections. Two memorandums, released on [April 1](#) and [May 22](#) of 2020, introduced a waiver providing the flexibility for HOPWA habitability standards inspections to be conducted virtually. This waiver affords flexibility to HOPWA grantees and project sponsors to visually inspect and ensure that units meet HOPWA habitability standards, using the following technology: live-video streaming, pre-recorded videos, and photographs.

What does it mean to do a virtual inspection? How do you manage different virtual methods? How does a program plan for and implement the virtual inspections flexibilities? This webinar will cover important topics regarding virtual inspections and show examples of various virtual inspection methods.

[Register for the webinar](#)

After registering, you will receive a confirmation email containing instructions for joining the webinar.

Questions?

If you have any questions about this webinar or encounter difficulties joining, please contact Steve Ellis at steven.ellis@cloudburstgroup.com.
