Additional Resources

The 2021 PIT Count and HIC Guidance and Training page will continue to be updated with new resources. Current resources include:

- Conducting the 2021 Unsheltered PIT Count: This document provides guidance to Continuums of Care (CoCs) on how to safely conduct the 2021 Point-in-Time (PIT) count during the COVID-19 pandemic.

- How to Use Sampling within a CoC to Conduct an Unsheltered PIT Count: This document provides an overview of how to use sampling to estimate a total count of people experiencing unsheltered homelessness on the night of the PIT count.

To view all of HUD's PIT count and Housing Inventory Count (HIC) resources visit the PIT and HIC Guides, Tools, and Webinars Page. This is a one-stop site where communities can access all of HUD's guidance on how to plan and implement their PIT counts. The resources include the PIT Count Methodology Guide, survey tool resources, implementation resources, etc.

Questions?

If you have any questions about planning, implementing, or reporting your HIC or PIT count data that are not covered in the resources listed above, please submit your questions to the Ask A Question (AAQ) portal. In Step 2 of the question submission process, select "HDX Homelessness Data Exchange (including PIT, HIC, AHAR, Sys PM, LSA, and PDX)" from the "My question is related to" drop down list.
