Register Today: HOPWA Intake, Initial, and Annual Recertification – Using Remote, Virtual, and Other Methods - August 26, 2020 - 1:30 PM EDT

HUD's Office of HIV/AIDS Housing (OHH), with support from Cloudburst, is hosting a webinar on **August 26, 2020 from 1:30-3:00 PM EDT** on conducting intake, initial, and annual recertification using remote methods, including virtual platforms. Use of remote methods ensures that people living with HIV/AIDS (PLWHA) receive necessary services to obtain and maintain medical care and stable permanent housing.

But what does it mean to conduct intake, initial, and annual recertification virtually? How do you manage and implement different remote methods? This webinar will:

- Cover important topics regarding using remote methods
- Provide an overview of [HUD's memo released on April 1, 2020](#) permitting grantees and project sponsors to rely upon a family member's self-certification of income and credible information on their HIV status in lieu of source documentation to determine eligibility for HOPWA assistance
- Show an example of using video conferencing to conduct initial HOPWA eligibility determination

Register for the Webinar

After registering, you will receive a confirmation email containing instructions for joining the webinar.

Questions?

If you have any questions about this webinar or encounter difficulties joining, please contact Steven Ellis at steven.ellis@cloudburstgroup.com.
