## Administrative Updates

### ESG-CV Funding Extension

HUD has extended ESG-CV funding. In order to take full advantage of the extension, the state must meet the 50% expenditure deadline by June 12. Grantees are encouraged to submit an amendment to request additional funds if they are low on or out of funding.

Grantees facing challenges spending their funds should consider submitting an amendment revising their plan to ensure that they can utilize funds more effectively, and to avoid a loss

of funds through a reallocation process. The Ohio Department of Development is open to utilizing funds for adding staff for coordinated entry, landlord retention and recruitment, and other necessary adaptations. The 35% cap on supportive services has also been removed. Grantees may increase staff salaries to remain competitive in the job market. Please contact your grant manager to discuss challenges to see if your needs are eligible under the regulations.

ESG-CV expenditure deadline changes:

- Recipients must expend all amounts awarded through their first and second allocations of ESG-CV funds by September 30, 2023
- Administration and HMIS funds necessary for ESG-CV closeout must be expended by December 31, 2023
- If a recipient receives additional funds through reallocation, all of those funds must be expended by June 30, 2024

ESG-CV grantees not submitting amendments will receive an extension to continue operations through 9/30/2023 in May. The timing extension amendments will be completed by Grant Managers on grants not otherwise modified but will require a new grant agreement be signed.
